

Gotham vCISO

Escalating cyber threats, complex compliance requirements, and a shortage of experienced security leaders make it difficult to protect critical assets and align security with business goals. Gotham's vCISO delivers executive-level cybersecurity leadership with strategic risk management, compliance, and oversight without the cost of a full-time hire.

Operational Impact

Executive-level leadership without the cost of a full-time hire.

Team-based expertise for continuity and deep knowledge.

Strategic risk management aligned with your business goals.

Compliance oversight to meet industry and regulatory standards.

Minimized business disruption during incidents.

Enterprise Advantages

Complete "Office of the CISO" approach providing executive-level strategy and governance.

Reduced cyber risk and improved resilience.

Faster compliance with evolving regulatory frameworks.

Clear, actionable security roadmap for leadership.

Increased stakeholder trust and customer confidence.

Flexible engagement model that scales with your needs.

Engagement, Pricing, and Terms

Our flexible engagement model is designed to meet your specific needs. Services are all-inclusive making support costs manageable and predictable.

Gotham provided strategic leadership to strengthen our security posture and achieve compliance all without the overhead of an FTE.
