## **GOTHAM TECHNOLOGY GROUP NAMED CITRIX U.S. PARTNER OF THE YEAR**

**New York -- May 11, 2010 --** Gotham Technology Group today announced that it has been named Citrix U.S. Partner of the Year for 2009. The award was presented on May 10, 2010 at the Citrix Synergy Conference in San Francisco, at which Gotham was also recognized as Northeast Partner of the Year and Top Renewal Partner of the Year. Gotham, a consulting firm based in the New York metropolitan area, won the U.S. Partner of the Year award among a field of 2,700 partners nationwide.

"We are pleased to recognize Gotham Technology Group as the 2009 North America Partner of the Year," stated Fernando Campo, vice president, Americas for Citrix. "Gotham demonstrated a very strong commitment to working with Citrix for the benefit of our mutual customers throughout the 2009 business year. Gotham's drive to continually expand its Citrix virtualization expertise and offerings was a key factor in our decision to recognize them as 2009 Northeast Partner of the Year as well as 2009 U.S. Partner of the Year."

In the face of an ever-changing industry and economy, Gotham is continuously confronted with new obstacles to overcome in order to maintain the consistent success it has achieved as an organization year after year. Ken Phelan, Gotham's chief technology officer stated, "This is a direct correlation to Gotham's expertise within the virtualization space. Gotham's virtualization practice continues to lead the industry with offerings in application, desktop, server and storage virtualization. Our Citrix partnership is a key element to the success of these offerings."

As a platinum Citrix® Solution Advisor™, Gotham is working with Citrix to deliver high levels of customer satisfaction in virtualization solutions. "I'm extremely pleased that Gotham has been recognized as the Citrix U.S. Partner of the Year for 2009. Too many business relationships today are very one sided. Both Gotham and Citrix work hard to make this one work both ways," said Ira Silverman, chief executive officer of Gotham Technology Group. "Gotham is excited for another successful year with Citrix in 2010 and hopes to achieve the same success this year as it did in 2009."

### **About Gotham Technology Group**

Gotham Technology Group, LLC is in the business of providing guidance and direction to IT professionals. With sales offices in Connecticut, New Jersey, and New York City, Gotham serves clients based throughout the Northeastern United States, and delivers goods and services across the globe.
